

MASSIVE POSTS AND BEAMS

Massive and magnificent, Recycled Timber's range of premium aged post and beam timbers add warmth and charm to any structure.

These old timbers have immense structural integrity. They can either be left in their original rustic and rugged form or handbrushed to reveal the patina that generations of prior use has enriched.

Post supports are available and Recycled Timber's can pre-drill and slot your posts to suit the supports for easy install on site.

**TORNADO
STIRRUP**

**BOLT ON
T-BLADE**

**SURFACE
MOUNT
U-STIRRUP**

**T-BLADE
EXTRA HEAVY
DUTY**

Some suggested installation methods for post supports.

Installation must be in accordance with local council building regulations and engineers specifications.
